

BANDEX PF

OVERVIEW

Our vegetable oil-based release agent is perfect for use on oven bands, baking sheets, and tins. Its unique composition allows for economical use, as it can be applied in small amounts. This release agent provides excellent release and leaves no carbon deposits. It is made from raw materials other than palm and is free from GMOs and allergens. Its versatile nature makes it perfect for a variety of baking applications. Try it today and see the difference for yourself!
