

# CHOCKEX PREMIUM DARK NO ADDED SUGAR

## OVERVIEW

The consumer demand for healthier alternatives has increased significantly and will continue to do so in the future. The trend has clearly taken off and the imprint that it has left now takes a permanent place on shop shelves and in bakery counters. We know that even if the consumer actively chooses to remove sugar, they do not want to sacrifice the taste and true indulgence. Therefore, we developed a Chockex – **without added sugar**.

We proudly present **Chockex Premium Dark No Added Sugar** – a versatile product with a smooth texture and rich taste of chocolate based on natural aromas. This product has exactly the same qualities as our regular Chockex products and can be used for a wide range of applications.

A high quality non-tempering coating with an excellent taste of dark chocolate without added sugar. Made from segregated certified RSPO palm oil. Does not contain any hydrogenated fat. Free from soy.

Chockex is an alternative to regular chocolate and can be used for coating, dipping and much more.

One of the greatest benefits of Bakels Chockex is that it does not contain cocoa butter, which makes it easy to use as it does not require any tempering.

Our Chockex Premium is available as Dark, White, Light, Blond, White and Ruby. And now also Dark – without added sugar.

## USAGE

The temperature of the melted coating should not exceed +45°C. The product should not be tempered.

## INGREDIENTS

sweetener maltitol, vegetable fat and oil (palmkernel, palm and shea), fat reduced cacao powder, emulsifier sunflower lecithin, natural vanilla flavouring, natural flavouring

PACKAGING

Code	Size	Type	Palletisation
