

AROMATIC FLAVOURS

OVERVIEW

A broad selection of first-class flavours from Aromatic for a pure, rich and natural taste when used in baking, confectioneries and desserts. By combining the best that nature has to offer with a real passion for flavours, Bakels Aromatic open up a new world of taste sensations.

Many flavours are available all-natural, with and without colourings. The product is bake and freeze/thaw stable, easy to measure up and distributes quickly – regardless of the area of usage, lending it to a wide range of applications. It is economical and easy to use due to the concentration, which gives an excellent result independent of the fat and water content of the final application.

For flavouring a wide range of flour confectionery products, almond goods, fillings, jellies, and creams.

Choose from flavours such as: fruit & berries, citrus, nuts & beans, spices, toffee or liqueur.
