

TARANT

OVERVIEW

Bakels Tarant is a vegetable liquid oil packaged in an aerosol can. The release agent is easy to dose and apply, it spreads evenly over the surface and has a very good release effect. Hygienic and efficient. Excellent for baking tins for both cakes and bread, as well as all types of baking sheets. Tarant is especially suitable for applications with a higher amount of sugar.

USAGE

Shake the bottle before use. Hold the bottle upright, approx. 20 cm from the surface to be sprayed.
Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use.
